Run of Day - Roll Call, Inspection, Running, Times/Ribbons

Roll Call/Check In will start at 9:30 on Monday and 8:30 on Tuesday, unless the committee and secretary are set up and ready to start taking dogs earlier, in which case dogs may run up to 30 minutes prior to published start time. We will be holding a flexible roll call. There is no guarantee that you can run if you are not checked in by 3:30pm on Monday and 2:30pm on Tuesday. You will check in at the secretary table and will be given your card(s) for the day. You must check in each day. Worker dogs may run early and may also jump the line.

Inspections: Dogs must be inspected for <u>lameness</u>, <u>fitness</u>, and for <u>females in-season</u> **before EACH run**. **This includes checking for females in season – EVEN if your female has been spayed**. This is an AKC rule. Measurements, as needed, are also completed at this time. **Note:** Make sure to bring your card for the run, this is how the gate steward will know that your dog has passed inspection and is ready to run!

Getting on the Board to Run: Bring your card, your dog, two leashes and yourself plus one person (it takes two people to run a dog - a releaser and catcher) to the gate steward. They will take your card and put you on the board. Please ensure there is PLENTY of space between your dog and other dogs. If you don't have a releaser or catcher, we can help. **Please let the gate steward know you need help.** We will also have a few extra leashes, please remember to return them so others can also have the benefit of their use. **NOTE:** Worker dogs take precedence.

Running your dog: It is recommended that a slip-lead be used and that the dog runs without a collar. Dogs may wear any collar except a choke collar, a collar with prongs, or an electronic training collar. The collar should be snug to minimize the chances of the collar getting hung up on something during the run. Note: Owners may be asked to secure tags to the collar if the inspection committee is concerned they may get hung up during the run. Owners may use clips or rubber bands to hold the dog's hair. Wrapping of legs is allowed but must be removed prior to each inspection. The owner assumes all responsibility for the safety of the dog regarding the dog's collar and paraphernalia on the dog.

Post Run & Times: If you have more than one run, return to the inspection area for re-inspection for lameness, fitness, and in-season females. Remember to bring your card. If you have completed your runs for the day, return to the secretary's table for your time and ribbon(s). Stickers for ribbons will be provided, it may take up to 20 minutes post run for your sticker to be ready for you.

Fastest and Turtle Award Information:

- * Fastest Eskie by size will be the dog's Best time of the day (2 runs possible). If a dog only runs 1 time that day, that single time will be counted as the dog's the best time. If a dog runs 2 times, it is the Best between 2 times.
- A dog may not earn a Turtle Eskie award AND a Fastest Eskie award. If only one dog in an Eskie size category is running, they will earn the Fastest Eskie award for the Eskie size (toy, mini, standard).
- **ALL AMERICAN ESKIMOS who want to be considered for the awards MUST Be MEASURED or present an
 official AKC Jump Height Card to determine which size category they will compete in. AEDCA Committee will
 measure dogs using PVC wickets if a height card is not available.
- Fastest Eskie for All Sizes will be determined with the following handicaps. The Handicaps were determined by the top 6 MPH times for each size dog for 2023 and 2024 on AKC's Top 20 Fastest Dogs by Breed Breed being American Eskimo Dogs. The top MPH per size was eliminated. The MPH of those 5 times for each size was added together then divided by 5 to get the average of that size. Only Five MPH entries were used due to the low number of dogs we have in the Toy size category. NOTE this is for the Fastest Eskie of All Sizes award ONLY and will not be added to your time or score for AKC official paperwork.
 - Average MPH are as follows (as per calculation used above): Standard 25.2 | Miniature 23.3 | Toy 20.2
 - Toy Eskies add 5 to your fastest MPH as calculated by FastCat formula below
 - Miniature Eskies add 2 to your fastest MPH as calculated by FastCat formula below
 - Standard Eskies no additional speed added to MPH.
 - FastCat Formula for MPH
 - o 204.545 / (dog's time) rounded to hundredths
 - Example:
 - Dog's time = 10.38
 - **204.545 / 10.38 = 19.7056840**
 - Rounded = 19.71
 - Handicap MPH as per noted above (as you look at this please remember that the average time for a standard sized Eskie is 25.2 MPH)
 - Standard Size = 19.71
 - Mini Size = 21.71
 - Toy Size = 24.71

The huntmaster also ensures the lure is positioned correctly, the lure operator and timers are ready, and shall give the "Tallyho" verbal signal to release the dog.

Veterinarian Advice: Exhibitors should follow their veterinarian's recommendation to ensure their dogs are free of internal and external parasites or infectious diseases and have appropriate vaccinations. In-season females: In-season females known to be in-season are not allowed onsite.

Fast CAT Summary Description

The Fast CAT Test is a timed 100-yard dash for dogs. It is meant to be a fun and healthy activity of interest to any dog owner. The following is a summary of how the event is structured.

How does Fast CAT Work?

- 1. Fast CAT is a timed straight race of 100 yards.
- 2. Dogs run singularly.
- 3. The dog's time to complete the 100-yard dash is converted into MPHs. The calculation to convert to MPH is as follows: 204.545 divided by the dog's time multiplied by the handicap = POINTS.
- 4. A handicap system is applied to a dog's MPH to determine the number of points earned. The handicap system is based on the height of the dog at its withers.
 - 18" or greater = handicap is 1.0
 - 12" up to less than 18" = handicap is 1.5
 - Below 12" = handicap is 2.0
- 5. Points=MPH multiplied by the dog's handicap
- 6. Fast CAT titles suffix titles are earned at designated milestones:
 - BCAT = 150 points
 - DCAT = 500 points
 - FCAT = 1,000 points
 - FCAT# = every additional 500 points
- 7. Top 20 by Breed by Year: The AKC Fast CAT website will feature the Top 20 Fastest Dogs by Breed by Year national standings. The standings will be updated as event results are processed.
- 8. Eligibility to participate: Open to all dogs at least 12 months of age that are individually registered/listed with the AKC. This includes dogs recorded in the FSS program, dogs with PAL numbers, or dogs enrolled in the AKC Canine Partners program. Females in-season may not enter. A dog may enter only once per event (An event number defines the event.)

- 9. An inspection committee shall inspect each entry for lameness, fitness to compete, and females inseason. The inspection committee is responsible for measuring the height at the withers if necessary.
- 10. Safety: Safety is of utmost importance. The event committee is responsible for ensuring the safety of the course, the equipment, and the conduct of those involved in the event. It is recommended that the event committee run a test dog before the start of the event to ensure that the equipment functions correctly and that all personnel understand their jobs.
- 11. The Start: Dogs may start up to 10 feet behind the starting line. There will be a line on the ground indicating the 10-foot mark. Both front paws must be forward of the release line.
- 12. The Finish: The club must provide enough room for a safe run-out area. It is required that this be a minimum of 30 yards, however, this is up to the club's decision, given the specifics of the setting. The club should consider fencing at the end of the course to help collect the dogs. It is recommended that an owner or someone familiar with the dog stand at the finish to catch the dog once the course has been completed.
- 13. Timing Devices: The time to complete the 100-yard dash is recorded to the nearest 1/100th of a second (i.e. 9.11) The club will use break the beam equipment to obtain the time. If the timers fail, stopwatches will be used, and two timers will be positioned at the finish line. An individual at the start line shall signal with an arm drop the moment the nose of the dog crosses the start line. The timers shall start their stopwatches at the start of the arm drop. The timers shall stop their watches when the nose of the dog crosses the finish line. The times from the two stopwatches shall be averaged to determine the recorded time.
- 14. Lure Equipment: The event will be run with a reversible, variable speed, continuous loop system. The lure operator and the lure equipment shall be safely positioned in a manner that does not interfere with retrieving the dogs at the end of the course.
- 15. Lure: A white plastic bag will be used for the lure.
- 16. Course/Fencing: The course is essentially flat, on grass, and the course area is fenced with 4' white rope fencing
- 17. The Hunt Master has control of the course. In summary, the Hunt Master is in charge of all dogs and handlers on the field, shall ensure handlers understand safe release and retrieval procedures, shall provide the lure is positioned correctly, shall ensure the lure operator, timers, and starting line signal person are ready, shall signal the lure operator to start the lure and shall give the verbal signal "tallyho" to release the dog.
